

Friday, 20 April 2018 – Morning

8:30- 9:30 Registration 09:30 hrs Opening ceremony

09:30	Prof. Johannes Greten Prof. Xueyong Shen Prof. Jorge Machado Prof. Manuel Laranjeira Prof. Ana Mafalda Reis	Opening addresses and welcome
09:50	Prof. José Azevedo Integrative Medicine Advisor	Introductory remarks Relevance of TCM in Integrative Medicine
10:00	Dr. Wolfgang Ellenberger	Italian Concert J.S. Bach
10:15	Prof. Xueyong Shen Vice-President DCFG- TCM Shanghai	Keynote lecture Comparison of the Efficacy of 10.6 μ m Infrared Laser and Traditional Moxibustion in the Treatment of Knee Osteoarthritis
10:40	Prof. Johannes Greten President DCFG-TCM Heidelberg, Porto	Keynote lecture TCM as a model of system biology – is there any proof?

11:05 Coffee break

11:25	Prof. Thomas Efferth University of Mainz	Keynote lecture Translating experimental evidence into clinical application: Artesunate for cancer therapy
11:50	Prof. Gerhard Litscher Vice-President DCFG- TCM, University of Graz	Keynote lecture Nobel Prizes - From Laser to Traditional Chinese Medicine

12:15 Group photo

12:30 – 14:30 Lunch break

Friday, 20 April 2018 – Afternoon

14:30 Session 1: PNP and Neurophysiology

Chair: Prof. Ling Zhao / Prof. Ana Mafalda Reis

14:30	Sven Schröder Hamburg	Keynote lecture Involvement of cortical network connectivity in immediate acupuncture analgesia - randomized clinical and experimental placebo-controlled studies
14:55	Maria João Santos/ Begoña Criado Porto	Effects of acupuncture on gait of patients with multiple sclerosis
15:10	Gesa Meyer-Hamme Hamburg	Objective improvement of nerve function in peripheral neuropathy by acupuncture treatment: The randomized ACUDIN and ACUCIN trials
15:25	Marta Correia Porto	Acupuncture in polyneuropathy in dialysis patients: What to expect?

15:40 Coffee break

16:00 Session 2: Translational Research

Chair: Prof. Heiping Deng / Prof. Sven Schröder

16:00	Giovanna Franconi Rome	Keynote Lecture Chinese Medicine in the Omics era
16:25	Rudolf Herbst Erfurt	Acupuncture for the treatment of atopic itch – a systematic literature review
16:40	Paula Pinho Porto	Experience with berberis vulgaris L.'s root in acute atopic dermatitis syndrome: retrospective and applicative study
16:50	Cátia Ferreira Porto	Can Qigong promote weight loss?
17:00	Fernando Fernandes Rio de Janeiro	Aesthetic acupuncture in the postoperative period of plastic surgery

17:15 Coffee break

17:35 Session 3: Heidelberg Scalp Acupuncture

Chair: Prof. Ling Zhao / Sebastian Kirch, MD

17:35	Johannes Greten Heidelberg	Heidelberg Scalp Acupuncture (HSA) – A novel somatotopic system embedded in TCM
17:50	Oliver Fehr Bad Bocklet	A new somatotopy of Heidelberg Scalp Acupuncture – Measurement of immediate effects
18:05	Anna Maimer Heidelberg	Prince Frog on the skull
18:20	Maria João Santos Porto	Treatment of sleep apnea with Heidelberg Scalp Acupuncture

20:00 Welcome Evening with Portuguese Food and Wine for invited guests

Saturday, 20 April 2018 – Morning

09:00 Session 4: TCM Theory

Chair: Prof. Xiaodong Cheng / Prof. Johannes Greten

09:00	Sebastian Kirch Heidelberg	Mathematical basis of TCM pathophysiology: One conduit combines with all other 11 conduits
09:15	Chien Sung Ho	The Math from the Five-Element Theory architecture - The theory of quantum physics and medicine related
09:30	António Moreira Rio Maior	Scientific methodology: Placebo vs randomized controlled trials?
09:45	Maria João Santos/ Paula Ferreira Porto	Algor (han) really means lack of microcirculation: An experiment in Labrador dogs

10:00 Coffee break

10:20 Session 5: TCM Pharmacology – A Quarry of Pharmacological Substances

Chair: Prof. Chien Sung Ho / Prof. Thomas Efferth

10:20	Thomas Efferth Mainz	Insect toxins as cancer drugs? Systems biology of cantharidin from the blister beetle
10:45	Xiaodong Cheng Shanghai	Traditional Chinese Medicine regulates tumor immune evasion through the PD-1/PD-Ls costimulatory signalling
11:00	Edna Ooko Kakemega, Kenia	Mechanism of action of artemisinin derivatives in induction of iron-dependent cell death (ferroptosis) in tumor cells
11:15	Armin Karmali Lisbon	Importance of β -glucans, enzymes and secondary metabolites through a diet with mushrooms
11:30	Maria do Céu Costa Porto	MTC products prescribed in Portugal and its legal framework

11:50 – 12:30 Poster Evaluation Tour

12:30 – 14:30 Lunch break

Saturday, 21 April 2018 - Afternoon

14: 30 – 15:30

DCFG-TCM General Assembly Meeting

Clinical Course: Heidelberg Scalp Acupuncture

Sino-German Research and Sponsors Society
(Members Only)

Oliver Fehr
Heidelberg Scalp Acupuncture (HSA)

15:30 Coffee break

15:50 Session 6: Clinical Research in Acupuncture

Chair: Prof. Kuo Yu-Cheng / Prof. Giovanna Franconi

15:50	Susana Seca Heidelberg	Efficacy of Acupuncture on Rheumatoid Arthritis of the Hand - Results of the first prospective double-blind randomized clinical trial
16:05	Susana Martins Porto	Comparison of two acupuncture strategies on gastric myoelectric activity: preliminary, prospective and randomized controlled trial
16:20	Cornelia Duncel Oberschleißheim	Can acupuncture increase blood circulation in peripheral artery disease and diabetic foot syndrome? – A pilot study
16:35	Mafalda Gonçalves/ Chunming Yan Porto	Treatment of infertility by Traditional Chinese Medicine
16:50	Paula Gomes Porto	Acute effects of acupuncture in temporomandibular disorder: Prospective randomized controlled clinical trial in parallel group design

17:05 Coffee break

17:25 Session 7: Laser and More ...

Chair: Prof. Xueyong Shen / Prof. Gerhard Litscher

17:25	Ling Zhao Shanghai	Examination of the cellular mechanisms of leukocyte elevation by 10.6 μm and 650 nm laser acupuncture
17:40	Heiping Deng Shanghai	Effect of compound laser acupuncture on blood glucose and serum lipid and insulin levels in type 2 diabetic rats
17:55	Yu-Cheng Kuo Taiwan	Meridian medicine on new drug development and laser acupuncture
18:10	Detlef Schikora Paderborn	Photodynamic Spectroscopy – a new powerful tool in cancer medicine

20:30 Poster Award Ceremony and Celebration for Invited Guests

Sunday, 22 April 2018

Satellite Symposium hosted by DGTCM: TCM and Emotions

- Anxiety, Autism, Addiction, Depression, Tuning Attention -

09:00 Session 8: TCM and Emotions 1

Chair: Prof. Menghu Guo / Maria João Santos, M.Sc.

09:00	Johannes Greten Heidelberg, Porto	PTTCM – Psychotherapy unites Chinese Medicine and neurophysiology
09:30	Ana Sofia Sousa Porto	First steps of a TCM based Music Therapy: Vegetative functions induced by music
09:40	Mário Gonçalves Heidelberg, Porto	How conclusive is current qigong research?
09:50	Lara Lopes Porto	Tuina for Autism and Sensory Processing Disorders: Exploratory literature review with case studies
10:00	Anna Maimer Heidelberg	Psychological treatment by Heidelberg Scalp Acupuncture (HSA)
10:10	Marta Correia Porto	The effect of Qigong on Attention-Deficit/Hyperactive Disorder (ADHD): a protocol for a prospective, randomized, placebo-controlled clinical trial

10:20 Coffee break

10:40 Session 9: TCM and Emotions 2

Chair: Prof. Manuel Laranjeira / Lara Lopes, M.Sc.

10:40	Juliana Magalhães Porto	Qigong and Tuina for control of anxiety before examinations in primary school children
10:50	Paula Pinto Porto	Auriculotherapy effect on generalized anxiety disorder: A prospective, randomized, controlled and single-blinded clinical trial
11:00	Pedro Pereira Lisbon	Effectiveness of Qigong in depressive disorder: Systematic literature review

11:00 Session 10: TCM and Emotions 3

Chair: Mário Gonçalves, M.Sc. / Sofia Sousa, M.Sc.

11:00	Lara Lopes Porto	The acute effect of “White Ball” Qigong in perceptual auditory attention – A prospective, randomized, placebo-controlled and single-blinded study
11:10	Liliana Ponte Porto	Effects of qigong on glycated haemoglobin in patients with type 2 diabetes. A randomised placebo-controlled prospective study
11:20	Alexandra Moura/Paula Boaventura Porto	Can qigong promote health benefits in pre-frailty/frailty syndrome? – A preliminary study

11:30 Coffee break

Please turn over

Sunday, 22 April 2018 ctd.

11:50 Session 11: Legislation

Chair: Prof. Jorge Machado / Prof. Carlos Loureiro

11:50	António Moreira Rio Major	How will TCM practitioners (auto)regulate hereafter?
12:05	Fernando Barros Porto	

Scientific Committee:
